1. **CALL TO ORDER AND DETERMINATION OF QUORUM**

The meeting was called to order at 9:30 a.m. by Mr. Frank Donovan, Chairperson. Roll was taken and it was determined a quorum was present.

2. **APPROVAL OF MINUTES**

The minutes of the August 1, 2008, meeting were reviewed. A **MOTION** was made by Mr. Long and **SECONDED** by Mr. Harju to recommend approval of the minutes as written. **MOTION CARRIED.**

3. **LICENSE REVIEW – Document E-08-12**

A **MOTION** was made by Mr. Bauer and **SECONDED** by Ms. Dobson to take Documents E-08-12A, through E-08-12B, as a whole, and recommend approval. **MOTION CARRIED.**

4. **ELECTRICAL INSPECTOR REGISTRATION – Document E-08-13**

A **MOTION** was made by Mr. Reyes and **SECONDED** by Mr. Harju for approval. **MOTION CARRIED.**

5. **OLD BUSINESS – Document E-08-10, Appeal by James J. Lynch to take the master exam.** Mr. Lynch was present. Mr. O'Donnell gave a brief overview regarding staff recommendation to deny until Mr. Lynch satisfies the requirements of the act and rules. Mr. Lynch did not provide requirements that are equal to those of Michigan nor did he provide notarized statements from employer's that document 12,000 hours under the supervision of a master electrician. A **MOTION** was made by Mr. Bauer and **SECONDED** by Mr. Long to go along with staff's recommendation to deny. **MOTION CARRIED.**

6. **NEW BUSINESS – None**

7. **LEGISLATIVE UPDATE – A discussion pertaining to HB 6454 involving minor repair work.**

8. **PUBLIC COMMENT – There was a discussion regarding some of the apprentice issues along with their responsibilities and those of the electrical contractors that employ them.** The department will draft a letter to present to the board at its December meeting detailing those responsibilities. There was also a discussion with regards to the Federal Appeals Court decision lifting the injunction on the apprentice ratio and training requirements.

Electrical Administrative Board

DIRECTOR

December 5, 2008

E-08-19

TO: Members of the State Electrical Administrative Board
FROM: Dan O'Donnell, Chief, Electrical Division 
SUBJECT: Appeal by Anton D. Tchakarov to take the master exam.

APPLICANT REPRESENTATIVE:

Anton D. Tchakarov

PROJECT:

Not Applicable

AUTHORITY:

The Michigan Electrical Administrative Act, 1956 PA 217 of the Michigan Compiled Laws.

REQUEST:

Requesting an appeal to sit for the master electrician examination

APPLICABLE LAWS AND RULES:

PA 217 338 883a (c) and 338 883c (1) d. and Electrical Administrative Board General Rules R338.1004a (1) a,b. R338.1006a (1), (2)

FINDINGS:

Mr. Tchakarov provided documentation of holding electrical licenses in the States of Texas, Georgia, Florida, and North Carolina. Mr. Tchakarov did provide the requirements for licensure for the State of North Carolina which are not equal to

those of the State of Michigan as required by the act and the board rules to qualify for the examination. Mr. Tchakarov did not provide copies of the contractor license or master license from the employer and master electrician from North Carolina as required by the board rules. No requirements for licensure or copies of licenses from employers or master electricians were provided by Mr. Tchakarov for the other states which he is licensed as required by the act and the Electrical Administrative Board General Rules.

RECOMMENDATION:

Staff recommends denial of the appeal until Mr. Tchakarov satisfies the requirements of the Act and the board rules

Dear Mr. Tchakarov:

Your application for the **October** electrical examination cannot be approved for the following reason(s):

The licensing information you have provided does not substantiate equal requirements of the State of Michigan. See provisions of General Rules R3381.1006a (1)

If you wish to appeal this decision you may do so, in writing, to the Electrical Administrative Board. Their next scheduled meeting is December 5, 2008. Requests must be submitted 20 days prior to the meeting. Please provide a copy of this letter with your request for an appeal.

An application that is denied, forfeits all fees as outlined in Rule 338.1002a of the General Electrical Administrative Board Rules.

Please contact the Electrical Division at 517-241-9320 if you have any questions.

Sincerely,

Evie Livingston, Departmental Technician
Electrical Division

Re: Rejected Application

Dear Members of the Board:

I have been working for Delta Mechanical, Inc since 09/20/1999 and I am experienced in all aspects of the electrical trade. In my original application I informed you that I have an Unlimited Electrical License in the state of NC, which requires a minimum of 7 years of experience and I thought that this was enough to qualify me for your Master Electrician Examination. At the time I did not want to confuse the issue by disclosing that I have other Electrical Licenses in different states. Now I am attaching copies of the following licenses:

- 1 Journeyman Electrician in the State of TX
- 2 Electrical Contractor- Non Restricted in the State of GA
- 3 Electrical Contractor in the State of FL
- 4 Unlimited Contractor in the State of NC

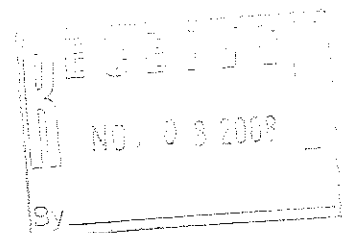

I am aware that different states have different requirements and I sincerely hope that my experience combined with the above licenses will qualify me to challenge your Master Electrician Examination.

Thank you kindly for your consideration

Sincerely,

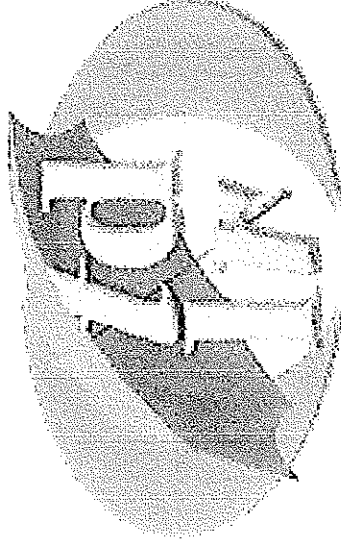

Anton Tchakarov

Have you previously taken this examination? ☐ Yes ☒ No

If examination was not administered by the State Electrical Division provide the licensing entity:

City of _____ Township of _____

Examination Site

Examinations are given at the sites listed below. Refer to the enclosed "Schedule of Electrical Board Meetings and Licensing Examinations" for examination dates. Please check below the site you wish to be examined at and indicate a preference of examination month. If approved for examination, an admission card will be mailed to you approximately 10 days prior to the examination date. If the examination you have selected is full, you will be scheduled for the next available examination at your preferred site.

Preferred Site

☒ Lansing/OKemos

☐ Escanaba

Preferred Month

OCTOBER

☐ No Preference - Next Available Examination Site and Date

If you have a disability and require an accommodation to take the examination, please submit written documentation from a professional (education professional, doctor, psychologist, psychiatrist) to certify that your disabling condition requires the requested test accommodation. Forms are available from this office.

Certification and Signature

I certify the information is true and accurate to the best of my ability and I have the experience required for this examination. I further understand falsification of any statement is cause for rejection of this application or revocation of license, if issued. If granted a master's license, I swear I will not represent as master more than one person, firm, or corporation and if I resign as master, I will notify the electrical administrative board within 10 business days.

APPLICANT'S SIGNATURE

DATE

08-12-2008

*This information is confidential. Disclosure of confidential information is protected by the Federal Privacy Act.

Qualifications for Examination

To qualify for a master electrician license examination a person shall meet the following criteria:

- (a) Provide an **original notarized** statement from present or past employers to demonstrate the attainment of 4 000 hours in not less than 2 years of practical experience under the supervision of a master electrician subsequent to initial journeyman license issue date.
- (b) If the journeyman license was not issued by the board (department) provide a copy of the license that was issued by a municipality providing for licensing pursuant to the provisions of section 6 of the act or a statement from the licensing authority that verifies the license issue date shall be furnished

Examination Eligibility of Applicants From Other States or Countries

A person who is licensed as a master electrician in another state or country may qualify for examination upon a determination by the board that the license was obtained by the person through substantially the same or equal requirements as those of the state of Michigan. Refer to information packet

Information

Applicants are permitted one examination for the \$25.00 fee. Upon achieving a passing score of 75% or higher, the applicant will be billed \$25.00 for the master electrician license prior to issuance of the license

A separate license is required for an electrical contractor

Section .0200

SECTION .0200 - EXAMINATIONS

- .0201. REQUIREMENTS FOR ALL EXAMINATION APPLICANTS.**
- .0202. EXPERIENCE.**
- .0203. EXAMINATION SCOPE.**
- .0204. WRITTEN EXAMINATIONS.**
- .0205. MINIMUM PASSING GRADE.**
- .0206. REGULAR SEMI-ANNUAL EXAMINATIONS.**
- .0207. APPLICATION FOR REGULAR SEMI-ANNUAL EXAMINATIONS**
- .0208. SPECIALLY ARRANGED EXAMINATIONS.**
- .0209. FEES.**
- .0210. APPLICATIONS DULY FILED.**
- .0211. WAITING PERIOD BETWEEN EXAMINATIONS.**

.0201. REQUIREMENTS FOR ALL EXAMINATION APPLICANTS

(a) To take an examination in any electrical contracting license classification, the applicant must:

- (1) be at least 18 years of age;
- (2) submit the required duly filed application as defined in Rule .0210;
- (3) submit with the application written statements from at least two responsible persons attesting to the applicant's good character; and
- (4) meet any other requirements set out in Paragraph (b) of this Rule.

(b) Examination applicants must meet the following requirements for the specified license classifications:

- (1) Limited classification. An applicant must have at least four years of experience, as defined in Rule .0202 of this Section, of which at least two years shall be primary experience. The balance of experience may be primary, secondary or both.
- (2) Intermediate classification. An applicant must have at least

six years of experience as defined in Rule .0202 of this Section, of which at least four years shall be primary experience. The balance of experience may be primary, secondary or both.

(3) Unlimited classification. An applicant must:

(A) have at least seven years of experience, as defined in Rule .0202 of this Section, of which at least five years shall be primary experience. The balance of experience may be primary, secondary or both.

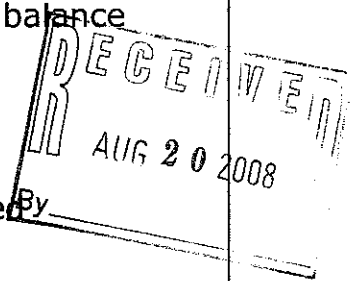

(B) submit with the application written statements from at least two responsible persons, who are knowledgeable of the applicant's electrical experience, attesting to the applicant's ability to satisfactorily supervise and direct all electrical wiring or electrical installation work done by an electrical contracting business in the unlimited classification.

(4) Single family detached residential dwelling (SP-SFD) classification. An applicant must have at least four years of experience, as defined in Rule .0202 of this Section, of which at least two years shall be primary experience. The balance of experience may be primary, secondary or both.

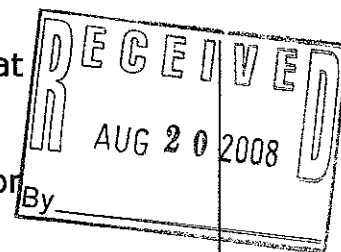

(5) Special restricted low voltage (SP-LV) classification. An applicant must have at least three years of experience, as defined in Rule .0202 of this Section, of which at least two years shall be primary experience. The balance of experience may be primary, secondary or both. An applicant in this classification may also receive creditable experience for service in any of the capacities listed in Rule .0202 that the applicant gained in the low voltage field.

(6) Special restricted elevator (SP-EL) classification. An applicant must:

(A) have at least four years of experience, as defined in Rule .0202 of this Section, of which at least two and one-half years shall be primary experience. The balance of experience may be primary, secondary or both. An applicant in this classification may also receive creditable experience for service in any of the capacities listed in Rule .0202 that the applicant gained in the elevator field.

(B) include on the application information verifying that the applicant is primarily engaged in, or is regularly employed by and will be the listed qualified individual for a firm that is primarily engaged in, a lawful elevator business in this State.

(7) Special restricted plumbing and heating (SP-PH) classification.
An applicant must:

(A) have at least three years of experience, as defined in Rule .0202 of this Section, of which at least two years shall be primary experience. The balance of experience may be primary, secondary or both. An applicant in this classification may also receive creditable experience for service in any of the capacities listed in Rule .0202 that the applicant gained in the plumbing, heating or air conditioning field.

(B) include on the application information verifying that the applicant is primarily engaged in, or is regularly employed by and will be the listed qualified individual for a firm that is primarily engaged in, a lawful plumbing, heating or air conditioning business in this State.

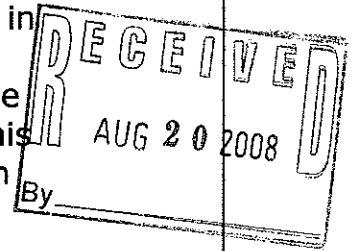

(8) Special restricted ground water pump (SP-WP) classification.
An applicant must:

(A) have at least two years of experience, as defined in Rule .0202 of this Section, of which at least one year shall be primary experience. The balance of experience may be primary, secondary or both. An applicant in this classification may also receive creditable experience for service in any of the capacities listed in Rule .0202 that the applicant gained in the ground water pump field, and

(B) include on the application information verifying that the applicant is primarily engaged in, or is regularly employed by and will be the listed qualified individual for a firm that is primarily engaged in, a lawful ground water pump business in this State.

(9) Special restricted electric sign (SP-ES) classification. An applicant must:

(A) have at least two years of experience, as defined in Rule .0202 of this Section, of which at least one year shall be primary experience. The balance of experience may be primary, secondary or both. An applicant in this classification may also receive creditable experience in any of the capacities listed in Rule .0202 that the applicant gained in the electric sign field, and

(B) include on the application information verifying that the applicant is primarily engaged in, or is regularly employed by and will be the listed qualified individual for a firm that is primarily engaged in, a lawful electric sign business in this State.

(10) Special restricted swimming pool (SP-SP) classification. An applicant must:

(A) have at least two years of experience, as defined in Rule .0202 of this Section, of which at least one year shall be primary experience. The balance of experience may be primary, secondary or both. An applicant in this classification may also receive creditable experience for service in any of the capacities listed in Rule .0202 that the applicant gained in the swimming pool field, and

(B) include on the application information verifying that the applicant is primarily engaged in, or is regularly employed by and will be the listed qualified individual for a firm that is primarily engaged in, a lawful swimming pool business in this State.

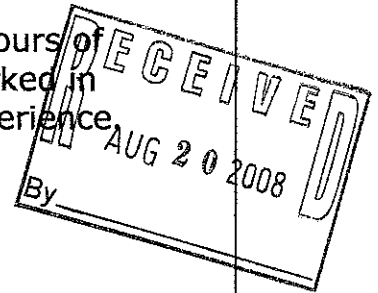

Statutory Authority G.S. 87-42; 87-43.3; 87-43.4; 87-44;
Eff. October 1, 1988; Amended Eff. March 1, 1999; February 1, 1990.

.0202. EXPERIENCE

(a) Primary. Primary experience shall mean working experience gained by the applicant while engaged actively and directly in the installation of electrical wiring and equipment governed by the National Electrical Code or work activities directly related thereto. Examples of the capacity in which a person may work in gaining primary experience and the percentages for creditable primary experience are as follows:

In calculating accumulative primary experience, a total of 2,000

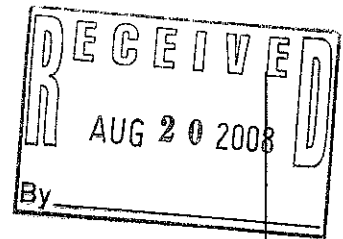

hours shall equal one creditable year. The total number of creditable years shall be calculated by dividing the total hours of primary experience by 2,000. Example: Applicant has worked in primary capacity for a total of 7,200 hours of primary experience.

1. journeyman electrician or electrician mechanic, both meaning the same: 100%
2. electrical foreman: 100%
3. electrical general foreman: 100%
4. electrical superintendent: 100%
5. electrical general superintendent: 100%
6. estimator for licensed electrical contractor: 100 %
7. electrical inspector recognized as such by the State Department of Insurance: 100 %
8. time spent by a professional engineer who is responsible for follow-up project supervision, beyond the point of delivery, in electrical engineering, design, or consulting: 100%
9. full-time instructor teaching National Electrical Code and related electrical courses at a college, university, community college, technical institute, high school or vocational school: 50%
10. maintenance journeyman electrician or electrician mechanic employed in a full-time electrical maintenance department: 100%
11. time actually spent in electrical maintenance by a maintenance journeyman electrician or electrician mechanic regularly employed in other than a full-time electrical maintenance department: 100%
12. military person holding an electrician rating or rank of at least E-4 who is engaged in land based electrical installations similar or equivalent to work performed by an electrical contractor: 100%
13. time actually spent in part-time or incidental work in any

primary experience category: 100%

$$\frac{7,200}{2,000} = 3.6 \text{ years creditable primary work experience}$$

(b) Secondary. Secondary experience shall mean working experience gained while engaged in work or training that is related in varying degrees to the installation of electrical wiring and equipment governed by the National Electrical Code. Examples of the type of work or training in which a person may engage to gain creditable secondary experience and the percentages for creditable secondary experience are as follows:

1. apprentice electrician training in an approved program: 100%
2. apprentice electrician or helper other than as described in items (1) and (3) of this list: 80%
3. time actually spent in electrical maintenance by a maintenance apprentice or electrician helper regularly employed in other than a full-time electrical maintenance department: 80%
4. student satisfactorily completing National Electrical Code and related electrical courses at a college, university, community college, technical institute, high school or vocational school: 50%
5. time spent by a professional engineer who is not responsible for follow-up project supervision, beyond the point of delivery, in electrical engineering, design, or consulting: 50%
6. electrical construction design under the supervision of a professional engineer: 50%
7. sales representative for an electrical wholesaler, distributor, or manufacturer: 20%
8. appliance service and repair: 20%
9. electric utility lineman: 10%
10. electric utility serviceman: 20%

In calculating accumulative secondary experience, a total of 2,000 hours shall equal one creditable year. The total number of creditable years shall be calculated by applying the percentage for creditable secondary experience and dividing the remainder hours by 2,000. Example: Applicant has 1,000 hours of work experience as a helper or regular apprentice and 2,200 hours of experience while enrolled in an approved apprentice training program: 1,000 hours at 80 percent = 800 hours secondary experience; 2,200 hours at 100 percent = 2,200 hours secondary experience;

$$\frac{2,200 + 800}{2,000} = 1.5 \text{ years of creditable secondary experience}$$

(c) Other Experience. The Board shall approve other experience that it finds to be equivalent or similar to the primary or secondary experience defined in this Rule.

Statutory Authority G.S. 87-42; 87-43.3; 87-43.4;
Eff. October 1, 1988; Amended Eff. March 1, 1999.

.0203. EXAMINATION SCOPE

(a) General. In addition to the examination subjects specified in G.S. 87-42, qualifying examinations for each license classification shall include permit and inspection requirements, business practices and the North Carolina statutes and rules applicable to electrical contracting.

(b) Variation in Scope. The examinations for each license classification shall be based on a level of technical and practical knowledge concerning the safe and proper installation of electrical work and equipment that corresponds to the electrical contracting work authorized under each license classification.

Statutory Authority G.S. 87-42; 87-43.3; 87-43.4;
Eff. October 1, 1988; Amended Eff. March 1, 1999; April 1, 1993.

.0204. WRITTEN EXAMINATIONS

(a) All qualifying examinations administered by the Board for each license classification shall be written or computer-based examinations and must be taken by the approved applicant.

(b) Approved applicants shall be provided a notice of examination eligibility that shall be valid for a period of three months and for a single administration of the qualifying examination. Upon receipt of a notice of examination eligibility from the Board, the applicant shall schedule the examination by contacting the Board or the authorized testing service. The applicant will be scheduled for the examination and will be notified of the date, time and place.

Statutory Authority G.S. 87-42; 87-43.3; 87-43.4;
Eff. October 1, 1988;
Temporary Amended Eff. August 31, 2001.
Amended Eff. January 1, 2006; July 18, 2002.

.0205. MINIMUM PASSING GRADE

A minimum grade of 75 is required for passing any qualifying examination

LANSING

STANLEY SKIP PRUSS
DIRECTOR

December 5, 2008

E-08-20

TO: Members of the State Electrical Administrative Board

FROM: Dan O'Donnell, Chief, Electrical Division *DO*

SUBJECT: Appeal by William H. Sexton to take the master exam.

APPLICANT REPRESENTATIVE:

William H. Sexton

PROJECT:

Not Applicable

AUTHORITY:

The Michigan Electrical Administrative Act, being 1956 PA 217 of the Michigan Compiled Laws.

REQUEST:

Requesting an appeal to sit for the master electrician examination.

APPLICABLE RULE:

PA 217 338 883a 3(c) and 338.883c (1) d and Electrical Administrative Board General Rules R338.1004a (1) a,b.

FINDINGS:

Mr. Sexton submitted an application to sit for the State of Michigan master electrician examination on 9-17-2008. Mr. Sexton received a journeyman license through Clinton Township in Southeast Michigan in 1992. Clinton Township along with many other municipalities from the reciprocal council in Southeast Michigan turned their licensing over to the State of Michigan for the 2002 license

renewal cycle Mr. Sexton's letter stated that he was an employee of the Electrical Department for the Oakland County Road Commission and that the master electrician for the road commission was a full time supervisor Mr. Sexton did not provide any documentation from the Oakland County Road Commission substantiating the requirements of 4000 hours over a minimum of 2 years to qualify for the master examination. Further, the electrical division does not show a contractor's license for the City of Royal Oak for the period from September 2001 through September 2006, to credit Mr. Sexton hours as is required by the act and the board rules. Mr. Sexton states that he consulted an attorney and was told that this was an ex post facto law. This statement is not correct as the law and the board rules were in effect when Mr. Sexton applied for his journey examination in Clinton Township.

RECOMMENDATION:

Staff recommends denial of the appeal until Mr. Sexton satisfies the requirements of the Act and rules

Re: Denial of Master Electrician Licensing Test stated on the enclosed letter dated September 24, 2008.

After receiving the enclosed letter of denial I called the State and asked why my application was denied. I was told that I did not qualify because of the reasons stated in the attached letter. I then went back to my former employer, Electrical Department for the Road Commission for Oakland County, and found that the Master I had worked under for more than 20 years, also had his own contractors license and his own business name. However, he was a full time supervisor for the Electrical Department, which enabled me to obtain my Journeyman license in the spring of 1992 through Clinton Township (not 2002 as stated in your letter).

I recently consulted an attorney, who told me that this was an expo post facto law imposed on me as my license was issued in 1992 which fell under the rules that applied at the time. He advised me to cover all bases to resolve this issue before turning the matter over to him.

I sincerely hope that you can see that this is merely a technicality that should not apply to me.

Enclosed is a copy of the letter you sent and a copy of my application which you have on file.

Respectfully

William H. Sexton

Mr. William H Sexton
16284 Bayham Ct
Clinton Twp MI 48038

Dear Mr. Sexton:

Your application for the October electrical examination cannot be approved for the following reason(s):

Subsequent to licensure as a journeyman you must provide original, notarized documentation of 4,000 hours over a period of not less than two years under the supervision of a licensed master electrician. Only hours accumulated after 1/16/2002, the date of your license issuance is applicable.

Your verification letter of experience did not indicate proper licensed supervision. Our records do not show a facility contractor license on file for City of Royal Oak. Mr. Jim Harris is the master of record for Harris Electric, not City of Royal Oak.

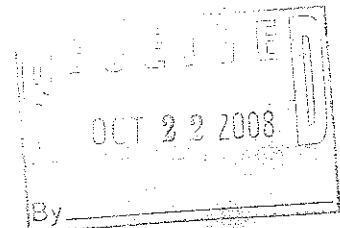

Return a copy of this letter to PO Box 30254, Lansing, MI 48909 with any response required by October 18 to be eligible for the February 2009 exam

If you are unable to provide the additional information requested you will be ineligible for the examination and any fees paid will be forfeited as outlined in Rule 338 1002a of the General Electrical Administrative Board Rules.

Please contact the Electrical Division at 517-241-9320 if you have any questions

Sincerely,

Evie Livingston, Departmental Technician
Electrical Division

Entered into
this 15th day of October, 2008
by the Bureau and the Respondents

SETTLEMENT AGREEMENT

The Michigan Department of Labor and Economic Growth (hereafter the Department), Bureau of Construction Codes (hereafter the Bureau), having described its concerns for the public's safety and welfare in its Statement of Intent to Commence Proceedings, Notice of Opportunity to Show Why Such Proceedings Should Not Be Commenced Pursuant to the Electrical Administrative Act and Notice of Informal Compliance Conference, issued July 23, 2008 (hereafter the Statement of Intent), which is incorporated herein by reference as an integral part of this Settlement Agreement, hereby agrees to resolve those concerns as follows:

THEE ELECTRIC CO AND DENNIS L. GEISENHAVER
SETTLEMENT AGREEMENT

WHEREAS, Respondents did attend an informal compliance conference on August 12, 2008, but did not make a sufficient showing of compliance; and

WHEREAS, Respondents have elected not to exercise their rights under Sections 14 and 16 of the state construction code act, 1972 PA 230, MCL 125.1514 and 125.1516, to appeal any specific code determinations of the construction code enforcing agency described in Counts I through V of the Statement of Intent; and

WHEREAS, Respondents have been advised of their rights to consult with and retain, at their own expense, legal counsel to represent them in their dealings with the Bureau; and

WHEREAS, Respondents have been advised of their rights to contest the allegations described in Counts I through V of the Statement of Intent at a formal hearing before an impartial administrative law judge, pursuant to the Administrative Procedures Act of 1969, 1969 PA 306; MCL 24.201 et seq., and have voluntarily waived all rights to the formal hearing referenced in Section 8b(2) of the Act, MCL 338.888b(2); and

WHEREAS, the Bureau and Respondents are desirous of settling this matter as hereafter set forth through the entry of this Settlement Agreement in lieu of a formal hearing; and

WHEREAS, Respondents admit that the factual allegations contained in Counts I through V of the Statement of Intent are true and correct; and

WHEREAS, Respondents admit that such facts would constitute violations of the acts, rules and codes cited in the Statement of Intent; and

THEE ELECTRIC CO AND DENNIS L. GEISENHAVER
SETTLEMENT AGREEMENT

WHEREAS, the Bureau has assured Respondents that for the purposes Section 8e of the Act, MCL 338 888e, and this Settlement Agreement, all violations related this matter shall be considered a single (1) violation; and

WHEREAS, the Bureau finds this action necessary and appropriate in the public interest, for the protection of the public's health and welfare, and consistent with the purposes and provisions of the acts, rules and codes cited in the Statement of Intent.

IT IS THEREFORE AGREED that:

1. Because of pre-existing electrical code violations involving an existing electrical service panel improperly located in a basement bathroom at a residence at 1140 Buckingham Road in Haslett, Michigan, that render the current installation of a new Generac Generator unable to gain compliance with the code, Respondents will complete one of the following no later than September 30, 2008:
 - a. Provide proof to the Bureau that only those electrical code violations created by Respondents at 1140 Buckingham Road in Haslett, Michigan, by the installation of a new generator system have been eliminated as a result of the removal of all wiring and equipment installed by Respondents; OR
 - b. Provide proof to the Bureau that ALL electrical code violations – both those created by Respondents AND those that were pre-existing at 1140 Buckingham Road in Haslett, Michigan – have been eliminated as a result of all required relocation and rewiring of pre-existing and newly installed electrical panels, transfer switches and other equipment in a manner that is approved by the Bureau during the plan review phase of a permit application and that receives final inspection approval; OR
 - c. Provide proof to the Bureau that the homeowner of 1140 Buckingham Road in Haslett has not allowed Respondents to gain the access to the residence needed in order to remove all wiring and equipment installed by Respondents.

Note: Failure by the homeowner to allow Respondents reasonable access to the unauthorized wiring and equipment installations will result in responsibility for future code compliance related to this unauthorized wiring and equipment being transferred from Respondents to the homeowner.

THEE ELECTRIC CO AND DENNIS L. GEISENHAVER
SETTLEMENT AGREEMENT

2. Respondents shall pay a Civil Penalty of \$1,000 to the State of Michigan.
3. Respondent shall complete all payments herein agreed to within 30 days of the acceptance of this Settlement Agreement by the Electrical Administrative Board.
4. Respondents shall assure the Bureau of future compliance with all of the provisions of the laws and codes that regulate electrical wiring and the employment of apprentices and journeymen electricians at all of its private and public projects in the State of Michigan. If Respondents are uncertain about a particular situation they confront in the future, they will contact the Bureau's Electrical Division through written correspondence for additional guidance.

IT IS FINALLY AGREED that failure to satisfy the conditions set forth above will result in the summary REVOCATION of Respondents' master electrician and electrical contractor licenses by the Electrical Administrative Board without further administrative action.

A copy of this agreement will be presented to the Electrical Administrative Board for final approval at their next regularly scheduled meeting. Once approved by the Electrical Administrative Board, this Settlement Agreement is a public document.

The parties have entered into this Settlement Agreement on the dates indicated below.

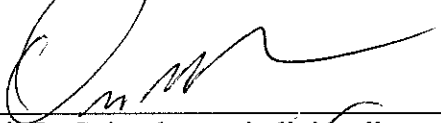

THEE ELECTRIC CO AND DENNIS L. GEISENHAVER
SETTLEMENT AGREEMENT

Re: Agency complaint # 08-0129-E

Attention Gerrit Bakker

As directed in our meeting with you on August 12, 2008, we have tried to contact Mr. Glenn Stevenson at 1140 Buckingham, Haslett, MI. Mr. Stevenson was mailed a certified returned receipt mailing on August 14, 2008. We just received the mailing back on September 2, 2008 from our Postal Carrier.

We were trying to contact Mr. Glenn Stevenson in that we might be able to gain entry into his home to remove all wiring and equipment that we had installed.

Please find in this correspondence the copy of our certified mailing to Mr. Stevenson which was never claimed. The certified mailing was delivered on August 15, August 20 and was returned to our local Post Office on August 30. We received the mailing back in our office on September 2, 2008.

Because Mr. Stevenson would not pick up his claim, we have mailed to him the letter (non-certified) in hopes that he would read what has to be done. This was the same letter that is included in this mailing to you, and was also mailed to you a month or so ago when the certified went out. We have also attempted to call Mr. Stevenson, we have also tried to visit Mr. Stevenson, and not found him home.

We will wait 10 days to see if this is refused or if he does respond to our offer.

We have made the attempts to contact Mr. Stevenson but have met with opposition. We will wait to see what this later attempt will bring.

Sincerely,

Sue Geisenhaver
Vice Pres / Thee Electric Co.

Mr. Glenn Stevenson,

Re: BCC Complaint No. 08-0129-E- State of Michigan

As a result of an informal hearing before the State of Michigan on 8/12/08 at 10:00 A.M., we need to do the following:

Thee Electric Company has been ordered by the State Of Michigan to remove our non-code compliant work we did for you, at 1140 Buckinham Rd., Haslett.

Listed below are some dates in which we could come to remove the installation- August 21, 2008- 8:30am, August 27, 2008 - afternoon, September 6, 2008- 9:00am or September 9, 2008 - 8:30am. If another date would work in August or September please let me know.

Your invoice with us will be waived and nothing would be due. Also along with your other 2 bids, I would look forward to placing a bid on the work to make your generator and service panel code compliant.

If you have any questions for the State of Michigan you can call Gerritt Bakker at 241-6487, he is handling this complaint.

Please contact our office to set up your time for removal

Sincerely

Dennis L. Geisenhaver

IMPORTANT INFORMATION REGARDING APPRENTICE REGISTRATIONS

ALL APPRENTICES ARE REQUIRED TO BE REGISTERED IN THE STATE OF MICHIGAN IN ORDER TO DO ELECTRICAL WORK.

- Apprentice registrations applications are required within 30 days of employment.
- Apprentices are required to carry their **ACTIVE** registration with them at all times on the job site. Only hours worked on an active registration will be credited toward the 8,000 hours to take the journeyman's examination.
- Only the master of record qualifying the electrical contractor may sign any documentation regarding apprentice registration applications, renewals and letters of verification
- It is in the apprentice's best interest to get an original notarized letter verifying hours worked and signed by the master of record prior to or upon terminating employment with the electrical contractor.

Verification letters must meet the following requirements:

- a. Must be on company letterhead
 - b. Master of record must sign and verify all hours.
 - c. Must include the master of record's license number
 - d. Starting month/day/year and ending month/day/year of employment
 - e. Total number of hours worked (performing electrical work) not including overtime hours
- An apprentice must be directly supervised by a master or journeyman electrician on a jobsite at all times.
 - It is the responsibility of the apprentice to notify the Bureau of Construction Codes Electrical Division in **writing** of any address or phone number changes when they occur.

Note: Apprentices using a mailing address with a PO Box MUST also provide their residential address.
